How does a client enroll in a class?

The interested party should call the Alight Office at 270-5540 to schedule an intake appointment. Clients should indicate their referring agency and if they are mandated. After the intake is complete and fee paid in full (when applicable), the client will be added to the class list. Classes generally fill up quickly, therefore it is suggested that the intake be completed at least three weeks prior to a class start date.
